

AYANA FEREDÉ ALEM

Quality Assurance Engineer

About me

I'm a skilled QA professional with a strong academic background, holding a BSc degree in Computer Science and an MSc degree in Software Engineering. With more than six years of university teaching and industry experience, particularly in software testing. I had a deep theoretical understanding alongside practical expertise. Currently working as both a manual and automation QA engineer at eTech S.C company, Addis Ababa, Ethiopia, I'm proficient in a wide range of QA techniques, methodologies, tools, and best practices. I'm a sociable, communicative, and open-minded critical thinker known for creating effective solutions. As a continuous learner with a passion for technology, I consistently strive for excellence in software quality and testing.

Professional Experiences

Present

Associate Quality Assurance Engineer

eTech S.C IT Solution Company

Addis Ababa, Ethiopia

- Expertly perform comprehensive testing, acting as both a Manual and Automation Tester.
- Apply advanced knowledge of Test Planning, Test Case Generation, and Test Case Optimisation to ensure thorough coverage and efficiency.
